

BARNYARD BBQ

Grillin' up some Farm Fresh Fun!

The Saunders Farm Barnyard BBQ is the perfect package for groups on a tighter budget. All activities are built-in and we handle all of the details. Saunders Farm is a working farm and we grow some of the food we provide. We believe in sustainable agriculture so we buy from local farmers at a fair price. We know that locally grown produce is not only a healthier and tastier choice but is better for our environment as it takes less energy to get from farm to fork.
